Who We Are

SkyLearner Aviation is a UK CAA Approved Training Organisation, offering online distance learning, virtual and in person classroom pilot training courses, aimed at enhancing theory understanding and passing CAA examinations.

Our courses are aimed at aiding student pilots and current pilots, promoting aviation knowledge, and improving flight safety

Why Choose Us

Earn while they learn

Generate a passive income, throughout the year, from your ground school students while your instructors focus on flying.

Standardise course delivery

Free access to SkyLearner instructor notes, allowing you to consistently offer in-house ground schools and brush-ups when required.

Seamless Intergration

Stay CAA compliant by effortlessly adding our Approved Training Program to your Training Manual.
